Windows Server Basics & Installation

❖ User Management in Active DirectoryTheory :Creating and managing users, groups, and OUs in AD.Best practices for user account management.Practical :Create user accounts, groups, and organizational units (OUs).Task: Submit a screenshot of the AD setup with user accounts and OUs.

1. In Active Directory Users and Computers, create a new Organizational Unit (OU) called 'EventPlanners' to represent a team that manages college fests like those seen in BookMyShow.

➢ Create a new Organizational Unit (OU)

1. Open Server Manager.
2. Click Tools → Active Directory Users and Computers.
3. Expand your domain name.
4. Right-click your domain name and select New → Organizational Unit.
5. Enter the OU name: EventPlanners.
6. Click OK.

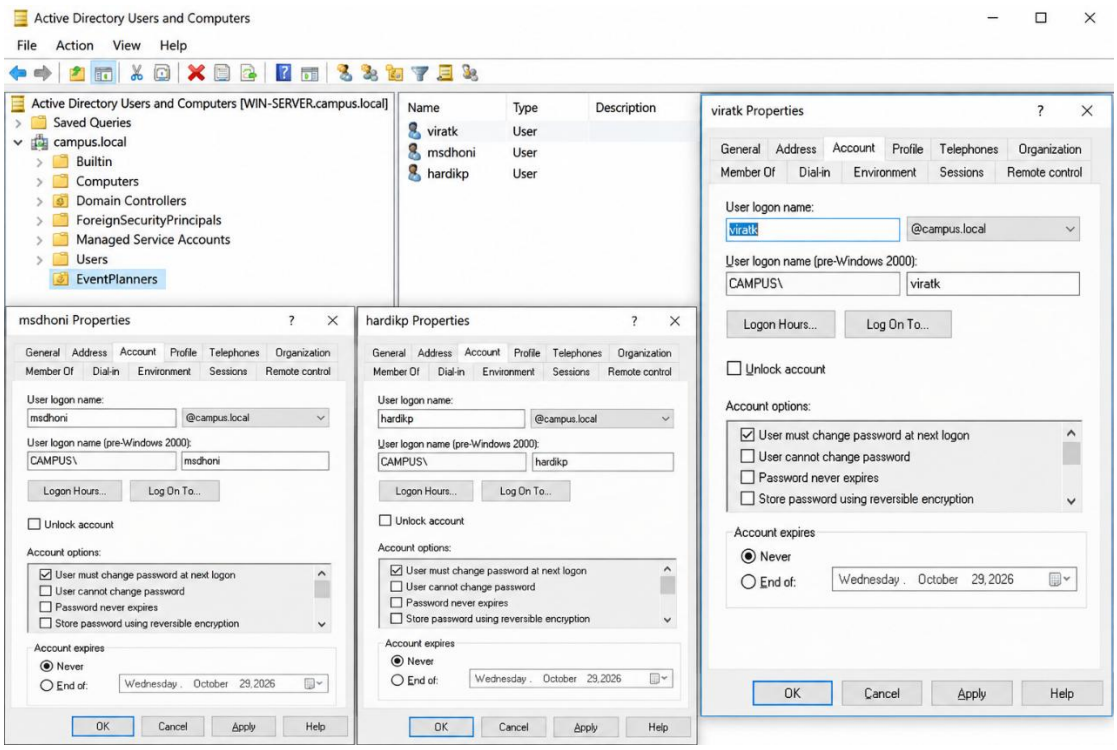

2. Add three user accounts to the 'EventPlanners' OU with usernames inspired by your favorite IPL cricket players (e.g., viratk, msdhoni, hardikp). Set a strong password for each and ensure 'User must change password at next logon' is enabled.

➢ **Create three user accounts**
Create the following three users inside the EventPlanners OU:

Username	First name	Last name
viratk	Virat	Kohli
msdhoni	MS	Dhoni
hardikp	Hardik	Pandya

- Steps to create each user:
  1. Open the EventPlanners OU.
  2. Right-click inside it and select New → User.
  3. Enter the user's first name, last name and username.
  4. Click Next.
  5. Enter a strong, unique password for each account.
  6. Select these options:
     - User must change password at next logon – Enabled.
     - User cannot change password – Disabled.
     - Password never expires – Disabled.
     - Account is disabled – Unchecked.
  7. Click Next → Finish.
  8. Repeat the process for all three users.

3. Create a security group named 'FestTicketManagers' inside the 'EventPlanners' OU. Add all three user accounts you created to this group.

➢ **Create the security group and add users**

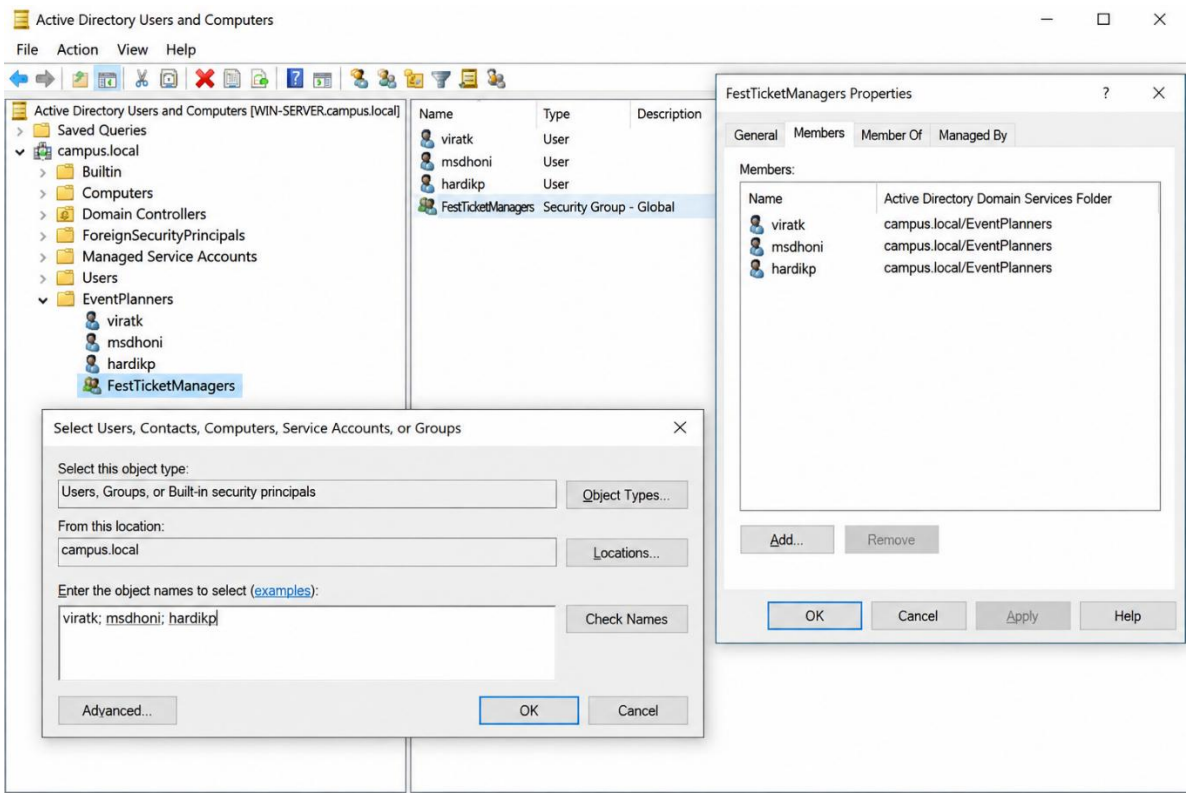

- Create the group:
  1. Open the EventPlanners OU.
  2. Right-click and select New → Group.
  3. Enter the group name: FestTicketManagers.
  4. Set the following options:

Setting	Value
Group name	FestTicketManagers
Group scope	Global
Group type	Security

5. Click OK.

- Add all three users to the group:

  1. Double-click FestTicketManagers.
  2. Open the Members tab.
  3. Click Add.
  4. Enter the following usernames:

4. Rename one of your user accounts in the 'EventPlanners' OU to match your own first name and update their description field to 'Social Media Manager for College Fest'.

- **Rename one user and update the description**

  For this task, rename hardikp to your first name, Het.

  1. Open the EventPlanners OU.
  2. Right-click the hardikp user account.
  3. Select Rename.
  4. Change the name to Het.
  5. Press Enter and confirm the changes in the rename dialog.
  6. Double-click the renamed user account.
  7. In the General tab, update the Description field to:
     Social Media Manager for College Fest
  8. Click Apply → OK.

  Optional: Open the Account tab and change the User logon name to het as well, if your assignment expects the login username to match your first name.
